This year my husband and I made a new years resolution to get to know our local area.

There are so many great places on our doorstep in the North Cotswolds but we only knew a fraction of them.

We checked out various tour companies and after numerous recommendations, settled on Becky at Secret Cottage.

We couldn't have chosen better!

We were made to feel like special guests from the moment we were picked up and to visit her house and be treated to such amazing food was a real treat. The food was excellent, the scenery was breath-taking and we've learned about hidden places we never knew existed.

We've already booked to take the tour again in autumn when the colours will be at their best.

We're looking forward to more great food in front of Becky's fire!

Thank you Becky for such an amazing day spent exploring the secret life of The Costwolds.

We wanted something that would show us what it really feels like to live deep in the heart of the beautiful British countryside. We had visited the area once before and really enjoyed it and this time we were looking for something a little bit different. We came across Secret Cottage.

As soon as we arrived at this beautiful chocolate box cottage we knew we were in for a treat. We sat back and relaxed as we were transported back in time. Using Secret Cottage as our base it is hard to say which we preferred more, the amazing food and hospitality of our host or our little trips out to get a secret glimpse of hidden Cotswold gems, places normally hidden away from the public eye. We felt as though we had entered another world. A truly unique experience and a day we will never forget.

A friend of mine recommended this trip, so I was expecting it to be very good and my expectations were surpassed. It was definitely one of the best day trips I have ever taken and long will the memories stay with me. Incredibly pretty villages, fantastic scenery, superb weather, great food and company. Who could ask for anything more?

Thank you Secret Cottage tour guide, Becky for all your invaluable information.

Wow, that was sensational Becky!

You certainly know where all the unspoilt villages are, now we can go back to a few of them in our hire car and explore the other ones that you've recommended.

Your cottage is fabulous, what a fantastic interior and John hasn't stopped talking about your awesome cellar. Your garden's so pretty too, how lucky you are to live there.

The Cream Tea finished the day off beautifully, your right, we didn't feel hungry, lunch was very filling and extremely

delicious.

I'd recommend your tour to anyone and when were next in England, perhaps we'll book Secret Cottage again.

My wife & I thoroughly enjoyed visiting the pretty Cotswold villages such a contrast to London's hectic pace. We were collected from Moreton in the Marsh station so no need to drive down what a relief & so relaxing. We loved the Secret Cottage what a place to live & the food & drink wow. As though our stomachs were not full enough we were then treated to Becky's Scones with cream simply gorgeous!! Will definitely recommend to our London friends

I'm writing on behalf of my parents who did the Secret cottage tour this week.

Both Mum and Dad had a fantastic time and came back from the trip full of smiles.

They loved actually being inside the cottage and being able to look around.

They had amazingly good things to say about the food especially the afternoon cream tea!

They loved being out and about and seeing some of the less travelled Cotswolds villages and the overall pace of the tour suited them perfectly.

All in all they had a great day and we would highly recommend this trip.

When I came on this tour, from beginning to end it was a exceptional experience. I really enjoyed looking at all the beautiful villages and I found it really interesting. The food offered was amazing as well especially the homemade scones and tea. A wonderful trip and I certainly got my moneys worth.

It's not often I write reviews. Something has to be exceptional and memorable.

The Secret Cottage tour run by Cotswold Tourism Tours ticks all the boxes for a fantastic day out. The North Cotswolds area is truly stunning and seems to encapsulate all the myth and splendour of the English countryside.

It was a real privilege to be welcomed into Becky's home to share and enjoy her hospitality. The food and drink was superb and every detail was just as we imagined that quintessential country home to be like, even down to the scent of the apple log fire and natural glow of beautiful antique furniture. Give yourself a treat one day; take the Secret Cottage tour and experience rural England at its finest.

This was our first trip to The Cotswolds. It was so unbelievably quaint and pretty. All the villages we saw were totally unspoilt, especially Great Tew, It was like stepping into another world.

Thank you so much for your advise and the list you gave us was so useful for recommending further places to visit. I don't think we missed anything.

It had been our dream for many years to visit England, especially the Cotswolds. We were advised to take a tour because of all the tiny villages and winding narrow roads - something we are not familiar with in Hong Kong.

You took us to the most beautiful villages and places we would never have found on our own. For us to experience life in an ancient English cottage too, was unbelievable. Becky we loved your warm scones. Thank you so much.

My wife and I recently spent a delightful day touring Cotswold villages with Becky and Robin team. Ian's knowledge of the area, his colourful stories of there was excellent. The wonderful breakfast, lunch and English afternoon tea was above our expectation. They were so kind to make an anniversary cake for us which made the day unforgettable for us! My wife and I agreed that it was our best touring experience ever and we would highly recommend Becky and Robin's Secret Cottage Tour.

If you are considering doing this tour, think no longer! Book it and sit back for the most wonderful adventure. Take my word for it, this tour has it all. Becky is warm and funny, and makes you feel at home instantly. The food is wonderful, fresh and local. The secret cottage is warm and inviting- something a tourist may see on the outside and wonder what it would be like to go in. Not only did we get to go in, eat and relax by the fire, we were made to feel at home as if we were neighbors. I will never forget that feeling, MAGICAL! We saw everything we were hoping to see of the English countryside and loved it. It was my favorite part of my 10 day trip through England.
